V. Unfinished Business

Change in Digital Learning Policy for RCHSS- Kris DuRocher not voting item just information item. Amy shared with team. Over the summer changes to the RCHSS digital learning policy, cia.kennesaw.edu has policies for digital learning and resources. Each college has a tab on the site. Policy courses and timeline.

Online courses once approved will also be approved for hybrid. One change was section A and B were still required as they are sustained instructor interaction and accessibility. Once approved can be used for online or hybrid within their college. Timetable changed. Prioritization also is noted. One design for every course that needs to be offered. If time and resources, individual courses can be developed by faculty. Anissa/ Amy/ Brichaya all contributed. Julie Moore also noted these are not approved by the committee but recommended policy changes are approved by the provost.
