STEP 3:

To create a pair, pick a pair name, and set a password for your roommate pair. Be sure to save this pair name and password for future reference.

STEP 4:

Once you have created your pair, you can search potential roommates by name or see

STEP 5:

live with, you will send them a request.

STFP 6:

If you receive a request, you will need to go into the portal and either accept or decline this invitation. All requests automatically expire within seven days without a response.

STEP 7:

If the person you requested accepts your invitation, you have created your Roommate Pair. Once you have two people, your group is full.

STFP 8:

be asked to save and continue, and you have completed Step 2: Roommate Selection.

Room Selection. During this last step, students can place themselves into the available rooms when their time ticket begins. Roommate Pair leaders are responsible for putting themselves and their selected preferred roommate into rooms. Students can choose to change the Roommate Pair leader in the Housing Portal at any time before Room Selection. We will have more information and guides available on our website for Step 3.
