RESPONSIBLE CONDUCT OF RESEARCH (RCR) Suggested for all researchers.

Responsible Conduct of Research (RCR) courses are provided as electives to meet the federal training requirement for researchers who will be receiving grant funding from the National Science Foundation or fellowship funding from the National Institutes of Health. Complete the course that most closely matches your type of research (biomedical, social and behavioral, physical science, or humanities). These courses do not fulfill the training requirements for performing research with human subjects.

This question is required. Choose all that apply.

Once all required modules are completed successfully, you will be shown a "View course completion history and print completion certificates" link. There is also an option to "View/Print" or "Share" your *Completion Record* of each course at the *Courses* menu once it has been completed. We recommend that you save the certificate for your records.
